

● Best quality products for customer's greatest satisfaction ●

THE LARGEST

PLASTIC BAG

MANUFACTURER

IN ASIA

## Our business

The business world is moving more rapidly than ever. The plastic bag industry is one of the fastest moving segments among many industries today. Currently consumers are placing more emphasis on product images. Distributors must therefore move from price concerns to providing customer satisfaction and convenience for greater value creation. Being light in weight and easily transformable into various shapes and sizes, plastic bags are the answer for the needs of convenient packaging. Plastic packaging can also be applied to a variety of customer needs, both household and business use. Plastic Packaging is essentially a part of our daily life.

## Our Products

Currently, KING PAC INDUSTRIAL CO., LTD is one of the leading plastic bag manufacturers in Asia with ambitious aims at becoming one of the world's leading plastic bag manufacturer and exporter. With more than 20 years of business experience specializing in manufacturing of all types of plastic bags including vest carriers, shopping bags, fashion bags, garbage bags, zipper bags and many more. Our plastic bags are made from high quality Polyethylene (PE) at competitive prices with reliable delivery to customers worldwide.

With professional expertise of our dedicated staffs accompanied by advanced production technologies imported from the United States, Europe, and Japan, all of which has supported us in producing greater quality products. Our production capabilities have made KING PAC INDUSTRIAL CO., LTD the first and only plastic bag manufacturer in Thailand with printing capabilities of up to 8 colors.

# Company History

- 1978:** IG Plastic CO., LTD. was founded, and later changed to Siam Zip 1992 Co., Ltd. in 1992 to manufacture and sell plastic bags for the local market.
- 1984:** Engagement in joint venture investments with German, Malaysian, and Netherlands partners (53: 47 partnership) to establish Zip Pac Co., LTD. To export plastic bags to Europe
- 1996:** 100 percent take over of Zip Pac Co., Ltd. shares from its foreign investors.
- 2000:** King Pac Industrial Co., Ltd. was established to manufacture and export various types of plastic bags to the world market with a registered capital of THB 200 Million.

Business success must come from providing best production conditions for customers for greatest satisfaction accompanied by data collection to continuously improve and develop the organization

# KING PAC INDUSTRIAL CO., LTD

After enormous hard work and dedication from everyone here at King Pac, it is with great pride that I am able to announce that we produce genuinely high quality products for the world. King Pac has immense pride in being a 100 percent Thai owned company that has the ability to successfully compete in the international markets.

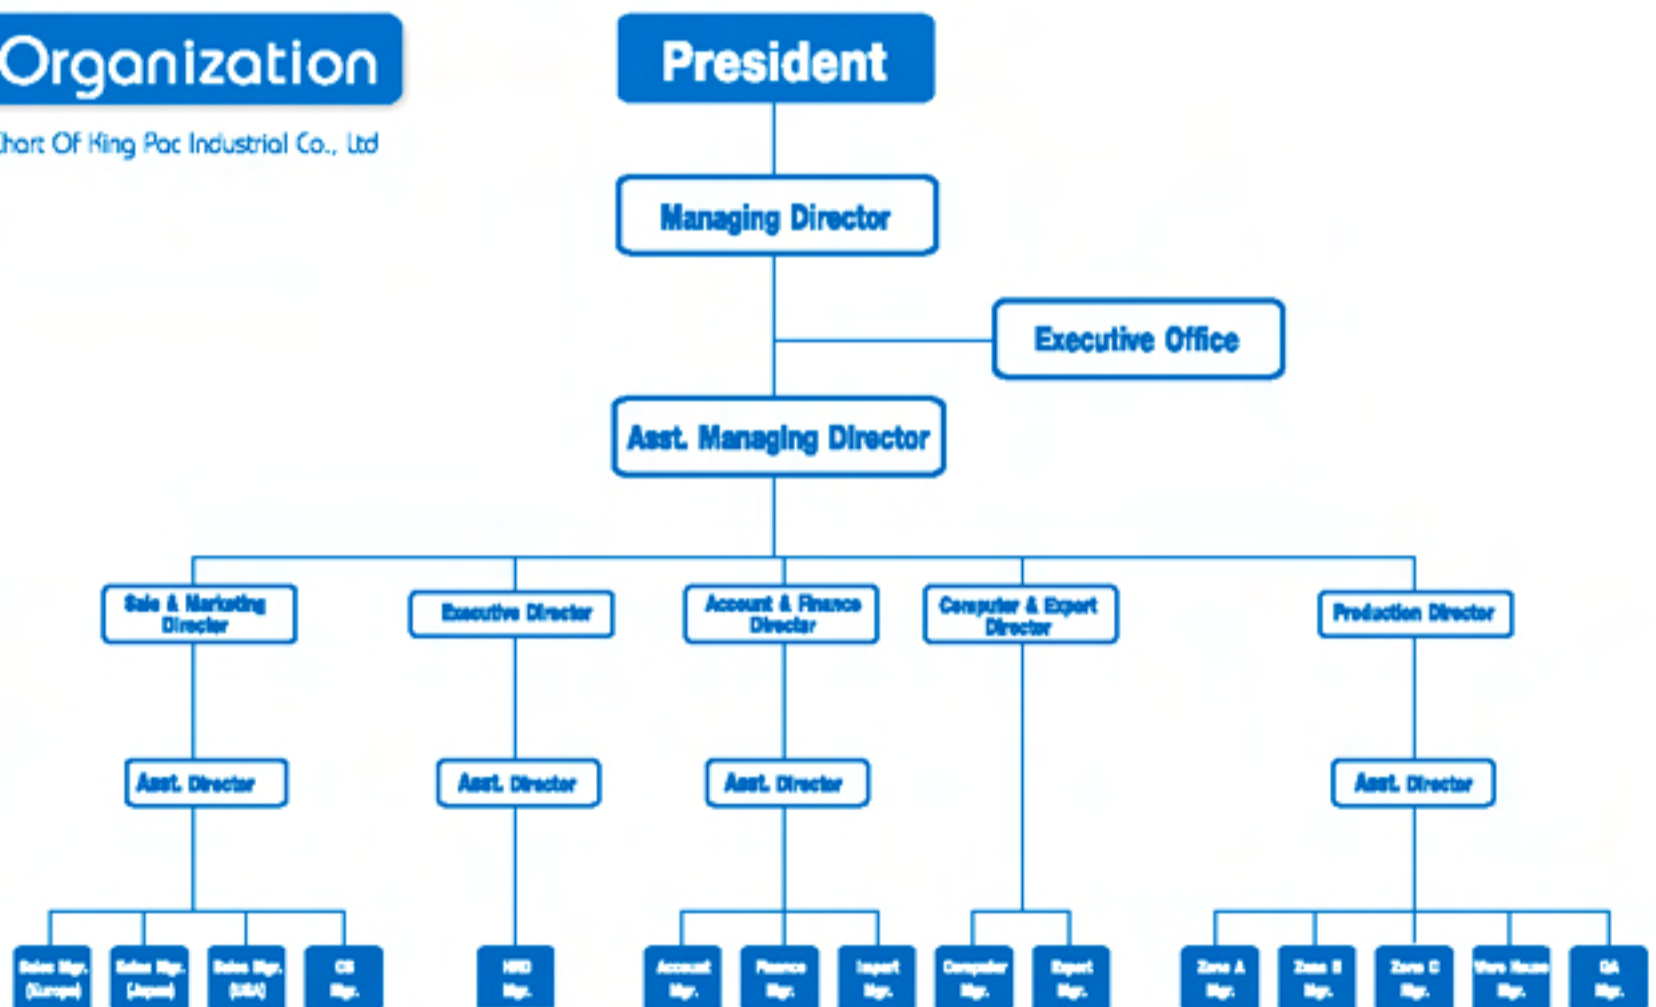

Our best products use both best local and imported raw materials in order to promote Thailand as a manufacturing base of high quality environment friendly products.

The environment is one of our utmost concerns here at King Pac in which the company has been promoting the use of EPI's TDPA and D2W technologies to ensure that our products break down quickly leaving no harmful residues to the environment when disposed of. With our capabilities and mind set, we realize our readiness to take our share of the market.

I would like to thank everyone including my executives and staffs for their contribution that has allowed us to come this far.
